Pay It Forward Hypnosis, LLC

Consent and Release of Liability Form

Consent for Hypnosis

I, _____, consent to participate in the process of hypnosis, with Pay It Forward Hypnosis, LLC. I understand that hypnosis can involve the use of techniques such as progressive relaxation, meditation, guided imagery, as well as other helpful methods. As a part of hypnosis, clients are encouraged to recall events, circumstances, behaviors, thoughts, and feelings from prior situations in their life experience. I understand that clients vary greatly in their response to the relaxation and hypnotic process, with some clients experiencing intense images and recollections, and others experiencing relatively little. Additionally, I am aware that the images and recollections experienced during hypnosis may be real, may be imagined, or may be a combination of real and imagined or modified memories. I also understand that certain memories and images experienced during hypnosis may represent traumatic events which can invoke intense emotional reactions or distress. These emotionally charged images are often quite useful for facilitating insight and understanding; however, such intense experiences can nonetheless be emotionally challenging for some clients.

I also understand that during the session, my practitioner may gently tap me on the forehead as an anchoring/focus technique. My practitioner will get my verbal consent prior to each tap.

___ Please initial here to confirm your permission for this tapping to take place during the session.

If your session is via Skype/telephone (or in a group setting), there is no need to initial this item.

My signature below signifies that I have reviewed the above paragraphs, understand the principal characteristics of hypnosis, and agree to participate in this procedure. Furthermore, I understand that if at any time I become uncomfortable and/or unwilling to proceed with the hypnosis process, that I can request to stop the process and the hypnotic portion of the session will cease immediately.
